### Notes:

- Fees include Goods and Services Tax (GST) of 15%, where applicable.
- These fees are current for programmes starting after 1 January 2020. AIS reserves the right to adjust fees as required in response to changes by external suppliers. Students are liable for any exchange rate differential between the time of payment and receipt if payment is not made in NZD.
- Resource fees include (but are not limited to) e-books and/or textbooks/workbooks, and other online resources including Moodle, Studiosity and Grammarly; internet and Wi-Fi access; access to library electronic resources including ProQuest, EBSCO, ABI/Inform, Safari Business and Techbooks databases; copyright charges and a printing allowance; and, for applicable programmes, NZQA credit fees, class trips and training cafeteria supplies.
- Resource fees for Information Technology programmes include MSDNAA software, and a laptop computer for students taking Information Technology programmes of 120 credits (one year EFT) or greater. AIS supplies computers on the basis that the total capital cost of the equipment will be recovered from fees paid for courses totalling 120 credits, and Information Technology students are required to maintain sufficient credit in their fees account to meet this cost recovery obligation. A bond of NZ\$200 is charged to cover laptop insurance (refundable if no claim made).
- Fees are not adjusted if a student's immigration status changes to Permanent Resident during the paid enrolment period.
- A normal full-time study load for undergraduate degree and related diploma programmes is 120 credits (seven courses) per academic year (three semesters) in Business, Tourism Management and Hospitality Management, and eight courses per academic year (three semesters) in Information Technology.
- Offering of programmes is subject to minimum enrolment numbers.
- Please note the Enrolment, Refund and Withdrawal Policy in the Enrolment Application Form.
